

Acknowledgements

A*rc* would like to cordially thank the following people for the effort they have given in the production of this special issue on eschatology. We would first like to thank the members of our advisory board, Dean Ellen Aitken and Dr. Gerbern Oegema for their continued assistance with *Arc*. We would also like to thank the staff at the Faculty of Religious Studies: Francesca Maniaci, Deborah McSorley, Peggy Roger, and Alex Sokolov. We give our gratitude also to the many peer reviewers and readers who gave their time and energy to help us produce this volume. To this end we thank the following people: Ellen Aitken, Lorenzo DiTommaso, Douglas Farrow, Garth Green, Torrance Kirby, Erin McCann, Gerbern Oegema, David Reed, and Benjamin Zeller.

Shayna and I would especially like to thank our doctoral supervisors, Maurice Boutin, Garth Green and Gerbern Oegema for their continued support in our efforts to balance our editorial responsibilities and our scholarship. Without their understanding this volume (and previous ones) could not have come to fruition.

Ian Pattenden and Shayna Sheinfeld,
Editors of *Arc*, 2008–2011
